

HFCE

INTERNATIONAL
HALAL FOOD
CONFERENCE

2020

NOTICE OF POSTPONEMENT

ORGANIZED BY:

SUPPORTED BY:

SPONSOR PARTNER:

Dear HFCE Industry professional clients, and esteemed Halal Authorities,

On February 22, 2020, HFCE organizing committee and BOD Members have decided on the postponement of conference, originally scheduled on March 1 – 4, 2020 at the Steigenberger Wiltcher's Hotel in Brussels, Belgium.

This difficult decision was made after extensive discussions, research, and inputs on the effects and travel restrictions all across the globe due to the COVID-19 outbreak. The health and safety of our attendees, speakers, and all parties who are involved in this event are HFCE's top focus and priority. We will continue to work to monitor the development of the situation closely and will maintain close communication with the relevant parties.

At this present stage, **the 8th International Halal Food Conference is postponed to September 7 – 9, 2020, and the venue remains unchanged. All current registered attendees' registration will be automatically transferred to the new dates.**

Detailed tentative daily program is as followed:

September 7: Technical Sessions Day 1, followed by Banquet Dinner

September 8: Technical Sessions Day 2

September 9: Roundtable Discussions (limited seats and exclusive for sponsors only)

Further updates will be posted accordingly on our website: www.hfce.eu and IFANCA website: www.ifanca.org.

We also would like to take this opportunity to express our deepest sympathy to those who have been affected by this virus in China and other countries.

We appreciate your understanding and continuing support, and apologize for any inconvenience this may have caused you. HFCE is strongly committed to deliver a high quality and informative conference, and is looking forward to welcoming you in Brussels in September 2020 for our 8th International Halal Food Conference 2020.

Yours sincerely,

Muhammad Munir Chaudry, PhD
HFCE Board of Directors Member
HALAL FOOD COUNCIL OF EUROPE
